ASK KAREN

When will Mike XXXXXXX announce his final organization. FSTs, Tech Support and Product Support all are wondering what is happening. Lots of rumors and questions.

The Services and Operations team are executing to the new organization structure that we announced on January...[Read more](#)

Below is the OLD SharePoint homepage site layout prior to the newly designed site pictured above. I led this redesign project.

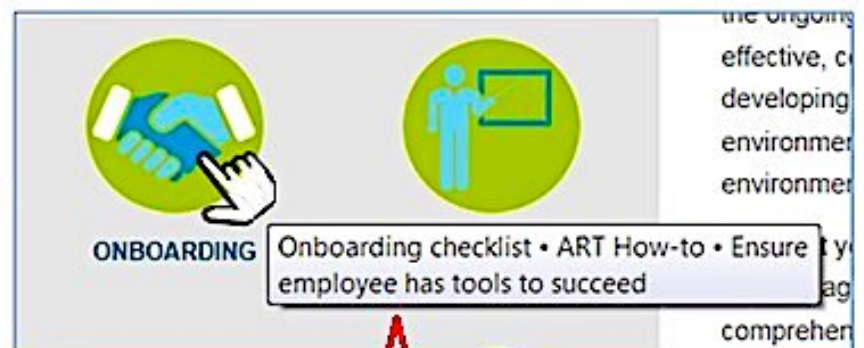

SharePoint child pages

This was a site with permissions for people managers only. It provided resources and information. Each button provided managers with tools and resources for employees*- at each stage of the employee life cycle.

Hover over button for basic description of what is included on subpages
